AMERICAN OSTEOPATHIC ACADEMY OF SPORTS MEDICINE

27th Annual Clinical Conference • April 18-21, 2012
Marriott Louisville Downtown Hotel • Louisville, Kentucky

"The Medicine of Sports"

Dear Conference Attendees,

On behalf of the Planning Committee, Board of Directors, and the city of Louisville, I want to personally welcome you to the 27th Annual Clinical Conference of the AOASM.

The theme of this year's conference revolves around medical issues in sports medicine and I hope you enjoy our lectures. Our planning committee has done a wonderful job in obtaining speakers from around the country who will share their clinical pearls on how to handle medical illness in sports. Given the debate over ECG screening in athletes, concussion management, and return to play criteria for various illnesses I hope you will leave this conference with a better understanding on how to manage these athletes. We have also dedicated a day to nutritional topics in sports and are pleased to cover issues from supplement use, obesity, and the management of diabetes in our athletes.

I would like to extend an invitation to all of you to join in the social, as well as the didactic portions of our program as you will find that the camaraderie shared amongst our members is one of our biggest strengths as an organization. Our Rusty Wright lecture will be held at the Louisville Slugger Museum and Factory and I would like to extend a special thanks to Mr. Bill Clark, the President of the Slugger Museum and Bionic Glove division, for speaking to us about product development in athletics. For our members who are receiving the honor of "Fellow" in our academy you can congratulate and applaud their efforts at our Fellows Banquet. Finally, we have planned a night out at Slugger Field to cheer on the Louisville Bats and relax with family and friends.

I am looking forward to meeting you all and hope you take advantage of all that the AOASM and the city of Louisville have to offer.

Sincerely,

Angela C. Cavanna, D.O., FAOASM
Program Chair, AOASM 2012 Annual Clinical Conference
